Supported by
International Center for Brain
Research and Development
Discovering You

Brain Matrix Test and tools produce accurate analysis of intelligence, brain learning quotient and allocates individual cerebral functions. Access in to innate intelligence, strengths and weakness of an individual, allows Individual to focus and harness intelligence, enhance learning experience. It provides precise insights into analytical, interactive and introspection verticals of the brain. With help of this technology we will be able to discover potential, personalize academia, shift focus to potential areas, build relationships and ensure Individual to have well-constructed career goals.

If you are confused about which Career to choose and where to study then "Indian Education Services" guides you to the solutions best suited to your profile ensuring you to choose the best Career Path. This program is aimed at guiding the student towards a career path that best suits their interests, aptitude and capability. We also help Students in applying to such courses in unbiased banner.

Once the student completes the process of Admission Guidance and counseling, they are being assisted with admission in the choice of course and college selected by them. Through this Service we can Process Your Admission right in your home town through our online Application, Video Interview & online payment facility

Using our wide network of associates, active participation in education fairs and digital marketing along with the support of various database, tuition centers, educational seminars and other marketing activities we help colleges in promoting their various courses by enabling them to reach a larger segment of student community.

The main objective of CDE is to Spread Education beyond the limitation of Time, Money and Physical Boundaries and make quality Education reachable across the country. Apart from acting as coordinator for few state and private university we are also running E-learning Program with the help of Karnataka State Open University.

In today's environment it is very difficult for parent to send their child to a new place or unknown destination, be it even for education. Sharing worries of such parent we have introduced local guardian services wherein, we take the responsibility of child and act as local guardian to them. Under this Service, we also send a monthly update to parents about their child attendance, academic performance and exam results. We also assure that in case of any emergency medical or non medical, our representative would personally attend the child within Four Hours of Incident being reported
